What you need to know in order to go on GENERAL STRIKE

It is your labour
guaranteed
Right

- Strike is a labour right guaranteed by the Constitution that all workers have (art. 28.2), despite the labour category. For this reason, the company can not force anyone or do coercion to prevent people from going on strike.

We do not have
to inform the
company

- You do not have to announce in advance if you will go on strike, even if the company requests it. The worker can make a "last minute decision" whether or not to go on strike thus, even if the company insists, you are not obliged to give notice in advance.

Discount on the
payroll

- The only repercussion of the strike is the discount of one day's wage for the day you did not work.

You can
participate in
the gatherings

- The strike is done by not going to work. The workers that want to participate more actively can attend the called gatherings. The rest of the workers can stay home or do whatever they like.

Exercise and stand up for your rights

Are you under pressure to do not strike? Report it!

If you receive pressure or threats trying to deny your right to strike, you can report the problem in:

Publicly

In Twitter with the hashtag **#piquetempresarial** (agreed by the CCOO and UGT de Catalunya to receive and publish all abuses from companies).

In private

You can send an email to vagageneral@ccoo.cat, a FAX to 93 481 27 66 or call **PHONE STRIKE**, to **93 310 77 77** (from 9.30 to 14.00 and from 16.00 to 19.00) or through your representatives **COMFIA-CCOO Catalunya**.
