HOTELES JUSTOS

Dear Customers

In the hotels that outsource to the chambermaids...

Did you Know that the person cleaning your room does not belong to the hotel personnel?

Did you know that this person has a 40% lower salary than the rest of the hotel Staff?

Did you know that this person doesn't have even half of the working rights as the rest of the staff, they can't even claim them?

Did you know that their workday, in many cases, is higher than their contracts says?

Did you know all this does not cheapen the price you pay for your room?

Stay in hotels that respect workers and their rights.

It is up to you!
